

Therapy Plan of Care Update Last Modified on 02/23/2023 9:52 am EST

Purpose:

To train Clinicians in the steps to update your Plan of Care by entering a New Order and updating the Changes Needed to Plan of Care in the skilled visit note.

Video Demonstration:

Video is available for this article online.

Step by Step Instructions:

1. Clinician will select 'New Order'

1. NOTE - this order type can only be completed within a Service Code billable visit, it can not be done through Medical Records.

- 2. In Order Type, select 'PLAN OF CARE UPDATE'
 - 1.

3. A warning will prompt, proceed to select 'UPDATE POC'

2. NOTE - once Pathway is updated you will need to click 'Next' to proceed through all potential pathways.

6. Once pertinent Pathway(s) are selected, click 'View Instructions' to customize your order/goal text as you do when completing your original Plan of Care.

1.				
Order Type	PLAN OF CARE UPDATE			
Verbal Order				
Verbal Order Date	11/7/22		3:53 PM	٩
ABN Delivered to patient	NA			
Wound Care Order	<choose> 📼</choose>			
Instructions				
	Edit Problem Statements	-		_
	View Instructions			_

7. Locate the Order Text and Goal Text associated with the Pathway(s) added and customize to your patient. Then Save.

- 8. Enter Verbal Order Information.
- 1. NOTE Verbal Orders are required to update the Interventions on your Plan of Care.
- 9. Save Order
- 10. Navigate to the Physical Assessment in Visit Actions and select 'CHANGES NEEDED TO PLAN OF CARE'
 - 1. Select Changes needed for New or Changed Treatment Orders and confirm Patient/Caregiver were informed and verbalized changes:
